

# Nuance Solutions Rank #1 in 2023 Best in KLAS Report

*Customer feedback shows Nuance Dragon Medical One, Nuance PowerShare, and Nuance Computer-Assisted Physician Documentation produce highest levels of satisfaction when compared to competitive offerings*

BURLINGTON, Mass., Feb. 8, 2023 /PRNewswire/ -- [Nuance Communications, Inc.](#) today announced three of its healthcare AI solutions were named Best in KLAS in the [2023 Best in KLAS: Software and Services Report](#). The 2023 Best in KLAS report ranks top-performing healthcare IT vendors across a set of categories including functionality, vendor relationship and support, implementation and training, and ROI.

Nuance [Dragon® Medical One](#) cloud-based speech recognition platform was ranked market leader in Speech Recognition: Front-End EMR for the third consecutive year; Nuance [PowerShare](#) took the #1 spot in the Image Exchange category for the first time; and Nuance [Computer-Assisted Physician Documentation](#) (CAPD) solutions scored highest in its category's inaugural year.

This distinction of Best in KLAS, which Nuance has achieved for years across its portfolio of products, recognizes organizations who excel in helping healthcare professionals improve patient care. Nuance Dragon Ambient eXperience (DAX) was ranked #1 for improving clinician experiences in the [2022 KLAS Emerging Solutions Top 20 report](#).

"The 2023 Best in KLAS report highlights the top-performing healthcare IT solutions as determined by extensive evaluations and conversations with thousands of healthcare providers. These distinguished winners have demonstrated exceptional dedication to improving and innovating for healthcare, and their efforts are recognized through their inclusion in this report," said Adam Gale, President of KLAS. "KLAS continues to be committed to creating transparency and helping providers make informed decisions through our accurate, honest, and impartial reporting."

"Achieving top rankings across our product portfolio is a testament to the work our teams put in every day to push what's possible when outcomes-focused AI is applied to some of healthcare's biggest challenges," said Diana Nole, Executive Vice President and General Manager of Healthcare at Nuance. "We are laser-focused on bringing our customers solutions that advance patient care and enhance the clinician-patient relationship. To see that this very important community recognizes that value is hugely validating."

Nuance customers point to the unique combination of deeply integrated solutions, cutting-edge AI, and extensive healthcare expertise as setting Nuance apart in the market.

- "The Dragon Medical One technology itself is robust and accurate. Nuance is keeping up-to-date with the trends from a technology perspective and staying on top of that. The quality of voice recognition is extremely high."
- I use [Nuance CAPD] every day. It has really been a game changer for me and a lot of our providers. The system is easy to use. I am able to accurately categorize what I did and how complete my medical record is. I can also make sure that I get paid for what I do."
- "The product's proven positive outcome is expedited patient care, which is exactly what we are looking for. I would tell a peer that if they want to have continuity of patient care during a patient transfer, they need to use PowerShare. Many of the healthcare centers in this region are PowerShare customers."
